

MODEL HEALTHY AND SAFE SCHOOLS PLAN Bend International School

Introduction

Each school district, education service district, and public charter school must develop a Healthy and Safe Schools Plan for all buildings owned or leased by the school district or public charter school where students and staff are present on a regular basis.

School districts, education service districts, and public charter schools must submit a preliminary draft of the Healthy and Safe Schools Plan to the Department of Education on or before **October 1, 2016**. School districts, education service districts, and public charter schools must submit the final draft of the Healthy and Safe Schools Plan to the Department of Education on or before **January 1, 2017**. Thereafter, school districts, education service districts, and public charter schools must annually submit an updated Healthy and Safe Schools Plan if new buildings are acquired, constructed, or leased or if the plan is modified by the school district, education service district, or public charter school. Plans should be submitted to the Department of Education at ODE.schoolfacilities@state.or.us.

The Department of Education has developed this model Healthy and Safe Schools Plan to assist school districts, education service districts, and public charter schools. Under each section, information has been provided in italics to help districts understand what is required to be included in the plan and where districts can locate resources for that particular component of the plan. In developing this model plan, the Department has sought the input of the Oregon Health Authority's Public Health Division and other stakeholders.

Sections 1-7 of this plan set forth the required elements of a Healthy and Safe Schools. The final section of this plan, section 8, is not required. Section 8 allows districts, education service districts, and public charter schools to include additional elements that are not required but may be important to that particular community.

The model Healthy and Safe Schools plan is intended to be a guide and, if used, should be modified by the school district, education service district, or public charter school. School districts, education service districts, and public charter schools are not required to use the Department of Education's model plan. A school district, education service district, or public charter school may adopt any plan that complies with the requirements or OAR 581-022-2223.

1. Responsible Person

OAR 581-022-2223(5)(a) states that the Healthy and Safe Schools Plan must include the position within the school district's or public charter school's administration responsible for maintaining and implementing the Healthy and Safe Schools Plan.

Sample Language

The person responsible for maintaining and implementing the Healthy and Safe Schools Plan is:

Name: Meera Rupp

Position: Director

Contact information: meera@bendinternationalschool.org 541-747-7038

2. List of Buildings

OAR 581-022-2223(5)(b) states that the Healthy and Safe Schools Plan must include a list of all facilities that are included in the Healthy and Safe Schools Plan.

Sample Language

This plan covers the following buildings:

Building Name	Building Address
BIS Elementary Bldg	63020 OB Riley Rd, Bend, OR 97703
BIS Intermediate Bldg	63020 OB Riley Rd
BIS Office and MS Bldg	63020 OB Riley Rd

3. Radon

OAR 581-022-2223(5)(c) states that the Healthy and Safe Schools Plan must include a plan to test for elevated levels of radon as required under ORS 332.167. Note: radon measurement plans from school districts were due to OHA on September 1, 2016.

BIS has developed a radon plan as required by ORS 332.167. Test results will be made public and posted to the district website here: www.bendinternationalschool.org under the School Wellness tab. Radon levels will be tested in accordance with the Bend-La Pine District's testing schedule, beginning in the 2017-18 school year.

4. Lead in Drinking water

OAR 581-022-2223(5)(d) states that the Healthy and Safe Schools Plan must include a plan to test for and reduce exposure to lead in water used for drinking or food preparation. If the district, education service district, or public charter school does conduct lead testing of drinking water, an Oregon Health Authority accredited lab must be used for all testing.

Bend International School conducted lead testing in Fall of 2016 and the results show that there

are no dangerous amounts of lead in the water. The report can be viewed here: www.bendinternationalschool.org under the Wellness link.

Lead testing will be completed every 5 years, or in accordance with the Bend La Pine School District- whichever is sooner. Testing has been and will be completed in all buildings as well as the kitchen and bathrooms. Corrective action will be taken if lead levels are too high.

5. Lead Paint

In order to comply with the United States Environmental Protection Agency's Renovation, Repair and Painting Program Rule, Bend International School will only contract with certified lead based paint renovation contractors licensed by the Oregon Construction Contractors Board. All paint used on our facility is guaranteed lead free, from Denfeld Paints.

Integrated Pest Management

OR 581-022-2223(5)(f) states that the Healthy and Safe Schools Plan must include a plan to implement integrated pest management (IPM) practices as required under ORS 634.700 through 634.750.

Bend International School has adopted an integrated pest management plan as required by ORS 634.700 through 634.750. Community members can access a copy of the IPM plan here: www.bendinternationalschool.org, under School Wellness, or in the main office.

6. Communication

Bend International School will make all test results and detailed information explaining the test results available to the public within five business days of receiving the results. Results will be made available by posting the results on the school website, sending notice of the results over the email system, and making the results available in hardcopy at the main administration office.
